Information on security and regulation regarding public documents

Employees at the Sahlgrenska Academy are offered a session on information security and regulation regarding public documents held by the University’s security department.

A session in English will be organized at Medicinareberget on the regulatory framework regarding public documents and aspects of particular relevance to University employees.

Topics to be covered include best practice when using email and what type of information and documents need to be held accessible to the public.

It is not necessary to sign up in advance.

Venue: Room Birgit Thilander, Academicum, Medicinaregatan 3

Time: 9 June 2016 at 9 am - 10 am

Time: Friday June 10th, 12.00 – 13.00 h

Venue: Lecture Room Birgit Thilander, Medicinaregatan 3 (Academicum)

More information about the seminar can be found at the Sahlgrenska Academy webpage.
Important information

Public procurement

The University of Gothenburg has to follow the Public Procurement Law.

The University’s negotiated purchasing agreements shall always be used, the agreements are found in the "Purchasing IT-system".

If an agreement does not exist for a product/service that is needed at the Institute, and the amount for purchasing this product/service is less than 534,890 SEK per year in total at the Institute (this can be controlled by the Department’s financial administrator), a so called "direct purchase" can be done.

Direct purchase assumes that there is no negotiated purchasing agreement for the relevant product/service at the University. To wrongly carry out a direct purchase is prohibited and may result in award damages.

Purchases up to 1 million SEK must be approved by the Head of Department/Assistant Head of Department and the Head of the Institute. Purchases above 1 million SEK must also be approved by the Dean of the Faculty.

More information on the framework for purchases is available at the Institute’s website (in Swedish).

Reminder!

New contact information for the payroll administration at Statens Servicecenter

Wage officers is reached by the email-address loneenheten@gu.se

Contact details is available on the University website (in Swedish).
